

How WAVE HD Productions differs from the competition

We have your event covered with Video and Still shots.

Most wedding videographers use 1 High Quality Camcorder and maybe a second camcorder for some extra shots. **WAVE HD uses at least 3 High Definition Digital Camcorders throughout the ceremony and most events.** These additional different camera shots creates added dimension and ensures that all of your best moments are recorded discreetly for your final movie. Our camcorders are small but very powerful, record in High Definition 1920x1080, and have built-in digital cameras for manual and automatic photos. Wireless and directional mics are also used to clearly record the special words spoken during the ceremony.

View your event from the internet.

Even before the DVD is completed, photo still shots of your wedding and video segments as they are completed will be available from a custom link on our website for you and your family and friends to view.

You get a great movie you can share.

WAVE HD uses state-of-the-art editing technologies to create a professional studio grade quality movie. And because we know you will want to share your movie with special family members and friends, you receive a total of 15 professionally produced DVDs. Special pricing is available if you want to provide a DVD to each guest or get your day on Blu-ray disks. We strive to make your day special and provide you and your loved ones with years of wonderful memories.

"We love our wedding video. It is great to relive it in HD, and to be able to share our special day with our family who couldn't make it. WAVE captured the spirit of our wedding with their cameras. Thank you James!" - Ian MacConnell

"WAVE did a great job, and we love what they did with our family photos. It's so much more than a wedding video. It's like our life's history leading up to and including the greatest day of our lives. The DVD is something we will cherish forever. - Christa Yandrich

Area of Service & Travel

For all wedding Packages, there is no travel charges for weddings within a 60 mile range (120 mile roundtrip) of the Central Ohio area (Franklin and Licking county). Travel cost beyond the 60 mile range is negotiable. Weddings which require an overnight stay or commercial travel will have additional travel charges.

Destination Weddings

I am available for travel worldwide.

Online Wedding Gallery

All wedding packages include an online gallery of your wedding pictures and videos so that you can easily share your wedding with friends and family worldwide. Web photo galleries are normally online within 10 days of your wedding, and video as soon as each segment is completed. Following your wedding you will receive an email with a direct link to your wedding gallery. The images in your gallery will be optimized for web viewing and not for printing. Images in the web gallery are set so that they cannot be downloaded. Individuals can also contact the videographer directly to purchase any of the images in your web gallery. You may use the purchased images from your web gallery in personal websites or community websites, such as MySpace. Your web gallery will remain online for approximately 6 months.

Payment

Note: If the selected package w/desired option(s) is paid in full at time of booking the event, then total price reduced by 5% if paid by credit/debit cards or up to 10% if paid by cash or check. Terms of payment for services are cash/check/credit card. \$400 non-refundable deposit aid at time of booking. 50% of remaining balance paid 30 days before wedding and last part of remaining balance paid upon delivery of edited DVD.
